

Registration and Dates

Registration Fees

Regular	€50
Student	€20

Workshop fees include: Booklet of abstracts, attendance at all scientific sessions, coffee breaks, walking lunch, cocktail, and award event.

Important Dates

Submission deadline for abstracts	Extended to September 30, 2014
Notification of acceptance/rejection	October 15, 2014
Deadline for registrations	December 15, 2014
Workshop in Brussels	January 23, 2015

Program Committee

Yves De Smet
 Cathy Macharis
 Jean-Pierre Brans
 Bertrand Mareschal
 Jean-Philippe Waub
 Majid Behzadian
 Pierre Kunsch

Organising Committee

Yves De Smet
 Cathy Macharis
 Annalia Bernardini
 Karim Lidouh

Contact and Venue

The best paper will be granted with the "Jean-Pierre Brans — PROMETHEE Award"

If you have any questions, you can contact us at:
Yves.De.Smet@ulb.ac.be & Cathy.Macharis@vub.ac.be
 Tel +32 (0)2 650 59 57 — Fax +32 (0)2 650 59 70

2nd International MCDA Workshop on PROMETHEE: Research and Case Studies

The Workshop

The ULB in collaboration with the VUB is pleased and proud to welcome you in Brussels for the second international workshop on **Multi Criteria Decision Aid (MCDA) with focus on PROMETHEE: Research and Case Studies**.

This one-day workshop will be held on:

January 23, 2015

Université libre de Bruxelles,

Campus de la Plaine,

Blvd du Triomphe, 1050 Brussels.

The aim of the workshop is to bring together researchers and practitioners from all the disciplines that engage with the PROMETHEE methods.

The PROMETHEE methods have effectively been functional in many areas of research and several case studies. Globally, in thirty years, several hundreds of scientific papers related to PROMETHEE have been published in scientific journals.

The number of practitioners who are applying the PROMETHEE method to operational multiple criteria decision problems, and researchers who are interested in studying the PROMETHEE method in-depth, increases constantly.

Call for Papers

The workshop will cover, but not be limited to the following themes for discussion:

- Theoretical advances in the PROMETHEE methods
- PROMETHEE applications in:
 - *Environment Management*
 - *Hydrology and Water*
 - *Business and Financial Management*
 - *Chemistry*
 - *Transport, Logistics and Urban Mobility*
 - *Energy Management*
 - *Social Public Welfares*
 - *Manufacturing and Assembly*
 - *International Cooperation*
- PROMETHEE software packages with demonstration stands during the workshop
- Round table with Industrial & Governmental PROMETHEE practices

We invite original contributions that reflect on these concerns and expect interesting viewpoints from different planning contexts. Contributions that consider both content and process issues are highly appreciated.

We are happy to invite the authors to present their original work at the workshop and contribute to a rewarding debate. The deadline for abstract submission is **September 30, 2014**. Abstracts should be sent by e-mail to: Yves.De.Smet@ulb.ac.be & Cathy.Macharis@vub.ac.be

We will inform authors of accepted abstracts on October 15, 2014.

The abstract should be as follows: Maximum 500 words including references; Max 1 to 2 pages; Margins: 2,5 cm, Font: Times New Roman (12pt), Line spacing: Single
Abstracts should include the following information:

- ◆ Title
- ◆ Name(s), affiliation, address and an e-mail address
- ◆ Content of the paper

Participants to the workshop will have the opportunity to submit extended versions of their papers for a Special Issue of the International Journal of Multicriteria Decision Making (IJMCDM).
